

The **XR1020** overhead system has a sleek folding design to conveniently hide away the 10.2" LCD screen when it is not in use. The 16:9 wide-screen, flat-panel LCD with 800x480 High-Resolution for built-in DVD use. The optional front seat IR repeater, allows added system control from the front seat using the wireless remote control. It also features 50 action packed video games with wireless game controller, HDMI input for smart device connectivity, an auxiliary mini-jack w/ RCA adapter to connect a game console, video camera or MP3 player!

ADVANCED FEATURES

10.2-INCH HIGH RESOLUTION LCD DISPLAY – Enjoy your favorite movies, television shows, and music videos on an 10.2-inch High-definition LCD screen and experience them all in greater detail.

DUAL DOME LIGHTS – with 3-Way Switch (On-Auto-Off)

CONVENIENT MEDIA CONNECTORS – Whether you have a hard drive full of movies that uses a USB or a portable player with an HDMI output, the system is ready to accept different types of connections. The system includes HDMI input, USB input, 3.5mm Aux input and A/V output.

HDMI CONNECTIVITY – The HDMI input allows you to hook up your smartphone®, Amazon® Fire TV Stick™, Roku® Streaming Stick™, etc. Stream content directly into the monitors for endless entertainment, making every drive a fun drive (*must have WiFi connection). *Note: Additional HDMI adapter for smartphone required and sold separately.*

GAMING – Connect with the systems included wireless game remote and enjoy playing any of the systems 50 built-in video games. If that doesn't fulfill the experience, use the AUX input to connect your own game console.

FITMENT – Available in 3 Colors: Gray (XR1020G), Neutral (XR1020N) and Black (XR1020B)

MATCHING FACTORY WARRANTY – The system is covered under the same bumper-to-bumper vehicle warranty.
